Boeing in the States 2011

The Boeing Company and its subsidiaries had over 151,000 employees working in 48 states as of December 31, 2010. In the past 12 months, Boeing paid over \$32 billion to more than 22,000 businesses, supporting an additional 1.2 million supplier-related jobs across the country. These businesses include production suppliers and non-production vendors, as well as subsidiaries of companies to which Boeing made other payments. In the past year, The Boeing Company contributed over \$89 million to U.S. nonprofit organizations. In addition, Boeing employees contributed \$51 million to their Employees Community Fund.

2010 National Totals

22,670	Number of suppliers/vendors locations
\$32,802,685,357	Suppliers expenditures
151,988	Boeing employees (as of December 31, 2010)
\$141,078,104	Boeing charitable, business and employee contributions
