# 767 Interior Solutions

BUILD YOUR BRAND AND INCREASE REVENUE

**WE DELIVER THE BEST  
IN CABIN INTERIOR SOLUTIONS.**

Every aspect of the cabin interior from architecture to stowage bins reflects your brand image. Choose from our distinctive products to create a new interior for your 767 and a new image for your airline.

**Start with the basic good looks.**

Ceilings; outboard lights, shelf bins, and shelf bin doors; centerline bin doors and buckets – this package is the foundation of a new interior.

**Proceed with easy installation at reasonable cost.**

Our package is designed to meet your requirements regarding cabin architecture, cost, and scheduled airplane downtime. Installation of the new 767 interior package requires minimal modification to the environmental control systems and ducting, and main cabin ceiling lighting and wiring.

**Choose even more solutions  
with passenger appeal.**

*Decorative replacement panels  
and decorative laminates* can  
create an unforgettable brand.  
Replacement panels give a new  
look to the cabin with little effort.  
Our silk screen and digital printing  
can render distinctive images in  
stunning detail and quality and  
make your passengers' experience  
with your airline memorable.  
Custom design is available.

Integrating complex *in-flight  
entertainment systems,  
including cabin services  
management systems, and  
Connexion by Boeing<sup>SM</sup>* is our  
specialty, and we recommend  
you take advantage of it.  
Passengers appreciate in-flight  
entertainment and Internet  
connection to the world  
below them.

**Enjoy competitive pricing and  
production times on all our  
767 products.**

Please contact us to discuss the  
purchase and installation of a new  
747 interior for your airplane.
