Interior Reconfigurations

THE BEST CHOICE FOR CABIN INTERIOR SOLUTIONS

WE DELIVER THE BEST IN CABIN INTERIOR SOLUTIONS.

Complete cabin integration is a science. Not only do we deliver products of aesthetic distinction and high quality, Commercial Aviation Services

is also the place to come for full-service integration and turnkey solutions. We understand your need to maintain the value of and generate maximum returns from your in-service airplanes while creating your unique airline brand.

Every aspect of the cabin interior from cabin architecture to in-flight entertainment systems reflects your brand image. From distinctive laminate images rendered in stunning detail and quality, to larger stowbins, to the magic of enhanced lighting, we offer products that will earn you the revenue that comes from passenger loyalty.

Full-service integrator.

As a full-service integrator, Commercial Aviation Services can perform as much of your reconfiguration or upgrade as you require or manage all aspects of your project.

We can leverage a global network of design-and-build partners to certify, integrate, deliver, and support your requirements wherever you are located.

Our products can be customized, our services are convenient, and our costs and production times are competitive.

Together, we can find the right solution for your success.

Top-quality service.

- Project management.
- Certified engineering and design and installation packages.
- Technical consulting.
- Seat reconfigurations.
- Lavatory, closets, passenger service units, and galley changes.
- Interior modernization – ceilings, stowbins, sidewalls, and partitions.
- Center-of-gravity analysis.
- Specialized retrofit kits, including overhead crew rests.
- Video control centers.
- In-flight entertainment system integration.
