

MAINTENANCE PERFORMANCE TOOLBOX

ACCELERATED DELIVERY SERVICE

Accelerated Delivery Service improves Toolbox online performance for network-challenged customers. This service utilizes Boeing-hosted Citrix servers to increase the reliability of customer access to Toolbox.

Accelerated Delivery Service

allows you to

- Access Toolbox from locations with varying bandwidth sizes, latency, and limited IT support.

Boeing Commercial Airplanes

P.O. Box 3707, MC 21-85
Seattle, WA 98124-2207

PROVIDING RELIABLE ACCESS TO TOOLBOX FROM ANYWHERE

- Deploy to main hub and outstations.
- Avoid costs of upgrading entire network infrastructure.
- Maximize the use of efficiency tools.
- Continuously improve maintenance performance without network disruptions.
- Experience the benefits of Toolbox even in areas with poor network infrastructure.

Key benefits

- Lower network usage due to highly compressed data transmission.
- Significantly reduces bandwidth requirements.
- Boeing manages Toolbox plug-ins, eliminating customer upgrade requirements.

Accessing Toolbox via Citrix
