

1ST CNS/ATM FOCUSED TEAM (C/AFT) “ASIA/PACIFIC” MEETING

Overview and Agenda

Hilton on the Park-Melbourne, East Melbourne, Australia

Hosted By: ANSETT AUSTRALIA

C/AFT Overview – *The C/AFT is a forum of airlines, air traffic service providers, government agencies, and airline manufacturers formed to develop methodologies for economic, technical, and risk analysis of Communication Navigation Surveillance/Air Traffic Management (CNS/ATM) infrastructure investments. It is an airline-driven group, currently chaired by Captain Russ Chew of American Airlines, and has five active Focus Groups, each chaired by an airline representative.*
