Click on Airplane Tooling Services

The screenshot shows the MyBoeingFleet website interface. At the top, there is a navigation bar with the Boeing logo and a user welcome message: "MyBoeingFleet Welcome Richard A Griffin!". Below this, there are several content blocks:

- System Message:** Includes a link for "7 March--Impact to Users of Electronic File Delivery Service" and "Product Notes" for "Support for Microsoft Windows Vista Internet Explorer 7.0 and Mozilla Firefox 3".
- My Account:** Includes links for "Change Password" and "Update My Account".
- News:** Includes links for "Boeing News Headlines", "Boeing Frontiers Online Magazine", and "AFRO Magazine".
- Resources:** Includes links for "MessageCourier" and "NewAirplane.com".
- Help:** Includes links for "Frequently Asked Questions", "Known Software Issues", and "Software and Workstation Requirements".
- Boeing Directory Lookup:** A search box with the format "LastName, FirstName" and a "Go" button.
- My Favorites:** A section titled "My Favorite Products" with links for "Airplane Tooling Services", "Engineering Information Delivery", "Maintenance Documents", and "Product Standards". There is an "Edit My Favorite Products" link.
- My Favorite Links:** A section with the text "Click Edit My Favorite Links to create a list of your favorites." and an "Edit My Favorite Links" link.
- MyProducts:** A list of product links including "787 E-Enabling Ground Training", "787 Working Together Team", "Airplane Loadable Software Information", "Airplane Tooling Services", "Automated Service Ready Tool", "Color Data", "Connectivity Test Tool", "Data and Services Catalog", "Electronic Flight Bag User Forum", "Engineering Information Delivery", "Environment Health and Safety", "Extended Operations", "Fleet Reliability Solutions Tool", "Fleet Reliability Statistics", "FLEET TEAM Digest", "Flight Operations", "Flight Recorder Data Services", "Fuels Working Group SFAR 88", "Maintenance Documents", "ModEvaluator", "MyBoeingFleet Metrics", "Product and Services Catalog", "Product Standards", "Profile Drawings Library", "Repair and Exchange Services", "Shipping Mechanical Equipment", "Software Licensing", "Supplier Customer Support", and "Technical Media Tracking". A yellow arrow points to "Airplane Tooling Services".
- Digital Productivity:** Includes links for "Airplane Health Management" and "Maintenance Performance Toolbox".
- Events:** A section stating "There are no content items."
- What's New:** Includes a link for "12 December--Enhanced Group Filters for HTML Service Bulletin Search".

At the bottom of the page, there is a copyright notice: "Copyright © 1999-2009 The Boeing Company - All rights reserved. Terms of Use [BPN6PROD]"

ATS - Tool Inquiry -- Place Order / Submit Order / Terms and Conditions

TERMS AND CONDITIONS

Please scroll down to the bottom of the page to accept terms and conditions.

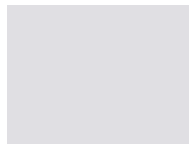

The customer accessing this site (Customer) and The Boeing Company (Boeing) have entered into a Customer Services General Terms Agreement (CSGTA) or Hardware Materials Services General Terms Agreement (HMSGTA), as applicable, which provide terms and conditions applicable to tools being leased hereunder (commonly referred to in the CSGTA or HMSGTA as Leased Tools), or tools purchased hereunder (commonly referred to in the CSGTA or HMSGTA as Spare Parts). The following terms apply solely to this Order and supplement the terms and conditions contained in the CSGTA or HMSGTA, as applicable. All terms used but not defined herein have the same meaning as in the CSGTA or HMSGTA, as applicable.

1. For Leased Tools, in addition to the lease (rental) rate, Customer agrees to pay Boeing (i) its costs of refurbishment of the Leased Tools upon return of the Leased Tools to Boeing, and (ii) any freight charges in the event that Boeing arranges the Leased Tool shipment.
2. For Leased Tools, notwithstanding the terms of the CSGTA or HMSGTA, as applicable, the lease (rental) rate set forth in this Order shall be effective for each day of the term of the lease beginning on the date Boeing ships the Leased Tool and ending on the day Boeing receives the Leased Tool back from Customer.
3. For Leased Tools, Customer agrees to maintain intact and not alter, remove or cover any Boeing property markings, tags or identifications on any and all Leased Tools.
4. For purchased tools (Spare Parts), in addition to the purchased price rate, Customer agrees to pay Boeing all freight charges in the event that Boeing arranges the tool shipment.
5. Notwithstanding the "Order of Precedence" clause contained in the CSGTA or HMSGTA, as applicable, this Order shall control in case of any inconsistency between this Order and the CSGTA or HMSGTA, as applicable.
6. This Order and the CSGTA or HMSGTA, as applicable, contain the entire agreement between the parties and supersedes all previous proposals, understandings, commitments or representations whatsoever, oral or written, with respect to this Order.
7. I hereby certify that I have the appropriate authority to commit and bind Customer to the above.
