

SNAPSHOT

ANOTHER VIEW INSIDE EVERETT

If you've been to the Boeing factory in Everett, Wash., you probably have a vivid image of what the inside of the facility looks like. Here's another look at this site, as painted by Jason Otto of the Information Technology Industrial Engineering Systems team in Everett. Otto, who's produced a number of works on various themes, used acrylics on canvas to create this painting.

QUOTABLE

We want to play a stronger role than we've played before. It's the right issue. It isn't going away."

—Jim McNerney, Boeing chairman, president and CEO, on the growing importance of environmental issues to the airline industry and Boeing, in the June 11 *Financial Times*

How I got comfortable was knowing we did all the right things up front."

—James Bell, Boeing chief financial officer, in response to a question on how a CFO can be "comfortable" with the decision to invest in the 787 Dreamliner, in the June 11 *Fortune*. The "right things" Bell refers to include talking to all the right stakeholders and using detailed customer knowledge

We chose to sign this agreement with Boeing because of the company's long-standing commitment to the Kingdom of Saudi Arabia."

—His Excellency Amr Al-Dabbagh, governor of the Saudi Arabian General Investment Authority, about an agreement between Boeing and SAGIA to jointly research and expand aerospace projects in Saudi Arabia
