## QUOTABLES

**“We’ll be able to reach parts of the world that we couldn’t have dreamt of before.”**

—Cal Flanigan, a Delta Air Lines pilot, speaking about the airline recently taking delivery of its first 777-200LR, in the March 1 *Atlanta Journal-Constitution*

**“The Super Hornet is an aircraft with significant capability and [is] more than capable of meeting all of Australia’s defense needs.”**

—Joel Fitzgibbon, defense minister of Australia, confirming Australia’s plans to buy 24 Super Hornets, in a March 17 Dow Jones news service report

**“Unless you try things, you end up using the same old dirty fuel.”**

—Sir Richard Branson, president of Virgin Atlantic, about the carrier’s intent to use cleaner fuels, in a March 3 MarketWatch.com report. In February, Boeing, Virgin Atlantic and GE Aviation conducted the first commercial aviation flight using a sustainable fuel from biomass mixed with traditional kerosene-based jet fuel.
