CHRISTOPHER (CHRIS) RAYMOND

Vice President and General Manager
Electronic and Information Solutions
Network and Space Systems

Chris Raymond is the vice president and general manager of the Electronic and Information Solutions (E&IS) division in Boeing’s Network and Space Systems unit. E&IS provides global defense, security and government customers with market-leading cybersecurity, data analytics, communications, intelligence, surveillance and reconnaissance products and services. E&IS also includes Boeing subsidiaries Argon ST, Digital Receiver Technology and Ventura Solutions, Inc.

Previously, Raymond served as vice president of Business Development & Strategy for Defense, Space & Security (BDS). Reporting to the BDS CEO, he led a team focused developing customer solutions, new business capture, strategic planning, and strategic mergers and acquisitions. In this role Raymond also led BDS international defense sales activity and alliance work.

Prior to his current position, Raymond was a vice president in the company’s Air Force Systems group. Before joining Business Development, he held leadership assignments in Engineering, Supply Chain Management, Program Management and Operations. He joined the company in 1986 as an engineer at its Long Beach, Calif., operation.

Raymond serves on the advisory board for the Center for New American Security, as well as the National Defense Industrial Association. He has also been on the board of Defense Acquisition University. He is an associate fellow in the American
Institute of Aeronautics and Astronautics and a fellow in the Royal Aeronautical Society. He is a member of the Air Force Association, the Airlift Tanker Association, the Navy League, and the Association of the U.S. Army.

Raymond is a Defense Acquisition University graduate and holds a bachelor's degree in aeronautical engineering from the University of Illinois as well as a contract management certificate and a master's degree in business administration from the University of California-Irvine.
