AT 16,000', IT'S ALL CHINOOK.

Today, the rigors facing combat forces can't be overstated. High altitude missions, extreme terrain, unpredictable weather and visibility. Without exception, Chinook has been a rock of confidence. The only helicopter strong enough and tough enough to deploy forces, fire power and equipment in and out of combat under such extreme conditions. The only one capable of performing this mission. Chinook is a power troops rely on, however fierce the challenge. And that makes all the difference, at any altitude.

Throughout the years, in every conceivable combat situation, Boeing CH-47 Chinook helicopters have delivered as promised. This ad highlights the Chinook's unique ability to operate fully loaded at high altitudes and under extreme environmental conditions, proving once again that Chinook stands preeminent in mission performance.
