

Most advanced **ANTI-SUBMARINE** warfare, **ANTI-SURFACE** warfare maritime patrol **AIRCRAFT.**

737
commercial derivative

Unmatched reliability
Built using in-line process
State-of-the-art cockpit

TRAINING
PARTS

Leveraging global 737 infrastructure already in place

Higher, farther and faster

than other maritime patrol aircraft

More than **10hr** endurance without refueling

0.82M speed

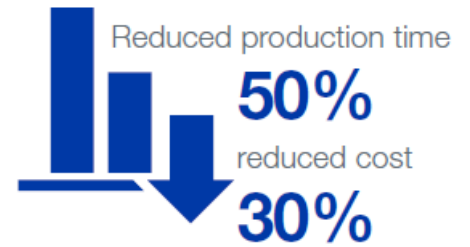

41,000ft

200ft

More than **4,000nmi** range

450,000+
flight hours patrolling and protecting

Detects, tracks and reports on more **targets**

20k lb payload

100 antenna installations

+ Space, power and cooling for future growth

More people, more sensors
MORE CAPABILITY

Can carry

4 Harpoon missiles
5 torpedoes
129 Sonobuoys

Globally **PROVEN. LOWEST COST** to operate.
